### **To whomsoever it may concern,**

It is an honor to be writing this recommendation letter for one of the valued volunteers of The Uplift Project organized by our organization– GirlScript Foundation.

They started their journey with GirlScript as an organizing member of The Uplift Project, and since then they did an excellent job. They displayed good leadership skills and delivered the best possible contribution and took the Program to another heights.

As an organizing member of Uplift, Rajdeep Das added value to the organization. We found them always performing duties in an exceptional manner. They handled the participants and Mentors with utmost sincerity and dedication, helping them clear all their queries and issues.

I thus highly recommend Rajdeep Das, confidentially that they will bring the same drive and dedication to any organization they joins, that they brought to the GirlScript Foundation.

Regards,
