Letter of Recommendation

June 15, 2022

To whomsoever it may concern

This is to certify that Mr. **Rajdeep Das** effortlessly contributed to **GirlScript Summer of Code 2022** as a **Mentor in open-source projects**. They had committed themselves to the open-source program and worked diligently along with the project admins towards mentoring beginners.

Their dedication and passion for open-source have been beneficial for our contributors looking to get started. Moreover, they worked incessantly across various domains and volunteered for several initiatives throughout their tenure.

Their presence was of immense value to us. Their contribution has made GSSoC'22 a great success.

We are very impressed by their work ethic and strongly recommend them for roles that require good technical knowledge, mentorship, communication skills, and responsibility.

Best regards,

Anubha Maneshwar
Founding Director,
GirlScript Foundation
